## Loveland Living Planet Aquarium Celebrates Shark Week with “Jaw”some Fun Activities

FOR IMMEDIATE RELEASE

**DRAPER, Utah**— Loveland Living Planet Aquarium is making waves with an exciting celebration of Shark Week, running from July 7 through July 14.

This year’s highlight is the introduction of Shark Deck Tours, an exclusive opportunity for guests to get a behind-the-scenes look at the habitat where our sharks reside. These limited-time tours are included in admission and are available on a first-come, first-served basis, with in-person sign-ups only. Guests are encouraged to check the Aquarium’s website for full participation details.

We will also feature a shark-themed education station, offering an interactive learning experience that showcases the essential role sharks play in maintaining healthy ocean ecosystems. Plus, the first 100 guests each day of Shark Week will receive a free, limited edition pin!

Guests can also unwind during the Aquarium’s popular Yoga With the Sharks sessions. This unique event invites participants to practice yoga in the peaceful presence of sea life. Join us Monday, July 7 for a regular Yoga session, or Monday, July 14 for a special Family Night session, perfect for all ages. Tickets are limited and expected to sell quickly. For more information, or to purchase tickets to the Aquarium or Yoga With The Sharks, visit our website at <https://livingplanetaquarium.org/shark-week/>.

Shark Week is sponsored by Great Clips.

**About Loveland Living Planet Aquarium**

Loveland Living Planet Aquarium is a 501(c)(3) nonprofit organization with a mission to inspire people to explore, discover, and learn about Earth’s diverse ecosystems. A world-class facility, the Aquarium provides learning opportunities for all levels of interest and age. Since opening in Draper in March 2014, the Aquarium has welcomed over 10 million guests. Additionally, the Aquarium offers student experiences by visiting every fourth-grade elementary class in the state annually. Loveland Living Planet Aquarium is accredited by the Association of Zoos and Aquariums (AZA).
